Our 2023 Llano Rosé is a wine that truly reflects our West Texas terroir. Grown in the high elevation and sandy sites, this wine is an expression of what classic rosé should be: fruity, aromatic, food friendly or enjoyable on its own on a hot, Texas summer afternoon.

The 2023 Llano Rosé is a blend of classic Southern French varieties such as Mourvedre alongside Cabernet Sauvignon. A maximum of 10 hours of skin contact was used to extract flavor and color. After a gentle pressing of the skins, the juice was racked into stainless steel tanks and fermented with a special yeast blend to preserve the delicate aromatics and build citrus flavors. This crisp Rosé is perfectly paired with a fresh salad (chicken or Niçoise), salmon, duck, charcuterie, and soft cheeses. We recommend serving this Rosé cold at (45 F).
